## WHY WE DO WHAT WE DO?

Within the ecclesiastical order and their integrated auxiliaries, funding is based upon the proper application of the sectarian order not a secular system of operation. The ten present rule (10%) or tithe system has diverse meaning in the operation or application. The sectarian order has (only) a first amendment right retain their system of operation, looked upon from within their system of belief, while protecting their sound system of funding. In short members funding members in accordance with their faith system of order and /or ecclesiastical order. (See 26 U.S.C. 501(d)).
